

weddings the package

Albums

Alison Groves Photography have sourced the perfect bespoke made albums to compliment the modern, relaxed style of photography. Every album is individually designed to suit your wedding images, and the album is then made to fit this, by Queensberry of New Zealand.

There are no manufacturers constraints on layout or number of images which can be accommodated. Pages are designed to display a range of prints and sizes to dramatic and stunning effect.

All feature albums are supplied in a protective carry case

Extra Prints

Mounted photographs are available for friends and family from £25 per print.

Choosing your images

After you return from your honeymoon we will make an appointment for you to come to Lime Street to you to look through your images, and choose your album.

The images are projected to music to give you a truly memorable experience, allowing you to relive the day together. This is a relaxed and fun way to make your choice for your wedding album and allows you to view the images at their very best.

Website

Soon after your viewing, your images will be uploaded to our website, under the "Online albums" area. This means that friends and family can easily see your wedding images.

Booking

At the time of booking, a fee of £500 is required as a deposit to secure the day.

Thirty days prior to your wedding the remaining balance becomes due. Cheques should be made payable to **Alison Groves Photography**
